- Teamwork
- Versatile
- Self-directed & team-oriented

LANGUAGE

- English (Advanced)

ABOUT

As a BTS SIO graduate (French Associate Degree in IT), I am looking to pursue a Bachelor's degree in Computer Science to deepen my technical expertise. Driven and self-motivated, I regularly develop hands-on projects, including e-commerce platforms, web applications, and SaaS solutions. With a versatile skill set and a strong team spirit, I am seeking an apprenticeship to bridge the gap between technical theory, practical application, and business vision.
